1 Modular design

6 main modules

Quick assembly

Easy Space Re-configuration

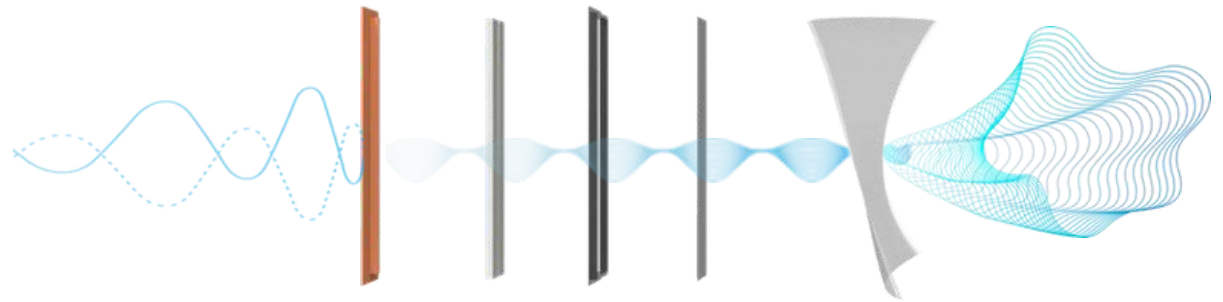

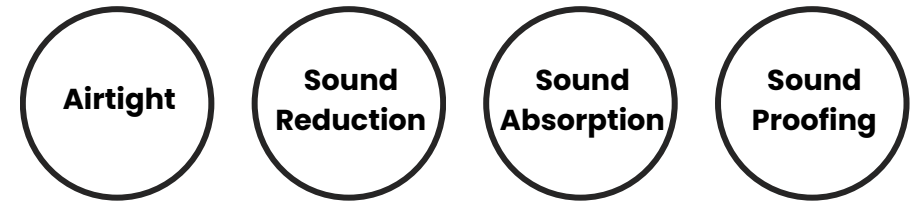

Reuseable

2 Noise reduction

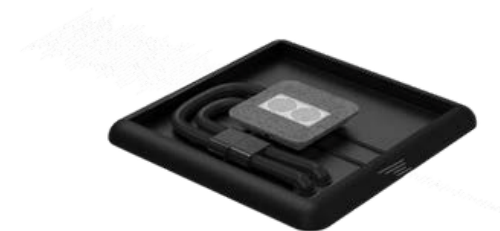

4 Elements of Soundproofing and Noise Reduction

Interior soundproofing and noise reduction
according to **ISO23351 - 1** standard

DS,A **30.3dB ClassA**

Muffler -reduces
incoming fan and
external noise

Fannoise level **12dB**

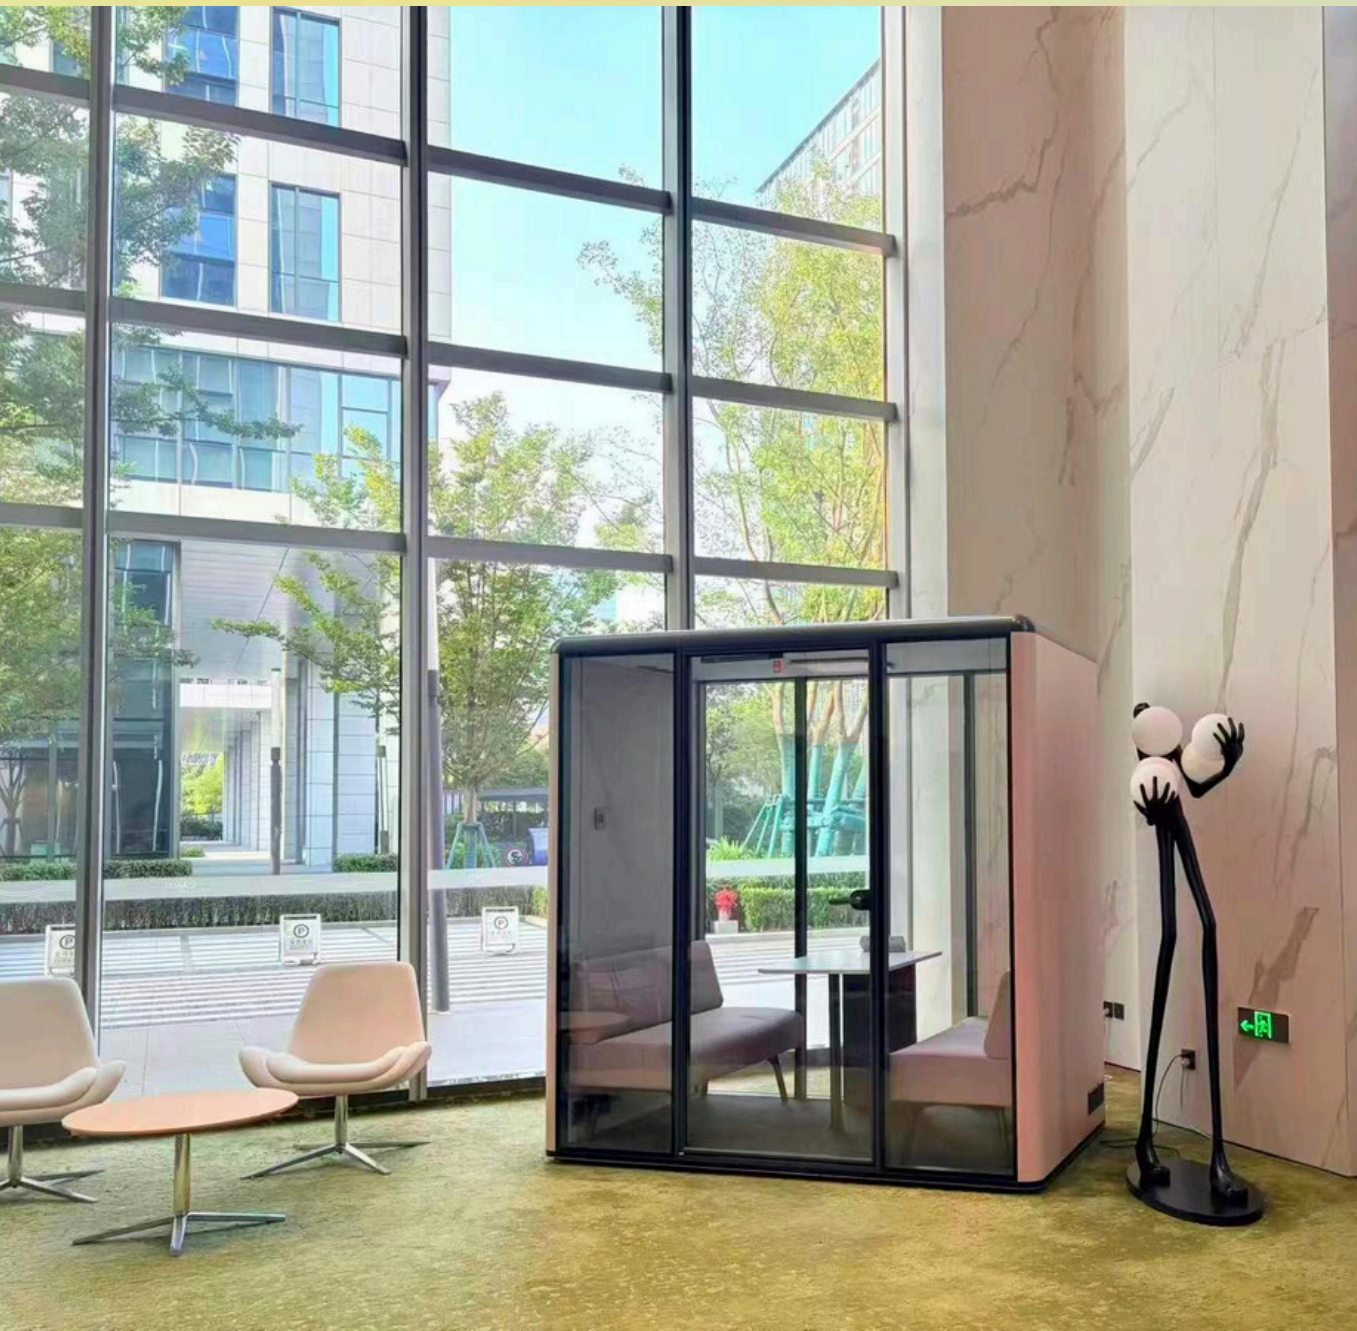

3 Optimal Air Circulation

- Fans powered top intake & bottom exhaust
- **Every 50-55 seconds air exchange**
- Adjustable airflow direction
- Acoustic muffling design for whisper-quiet operation

3 air inlets and 3 air outlets (MP1)
9 air inlets and 6 air outlets (MP3)

4 Ergonomic design

Flexible Light Source

- Three seconds fade-in
- Adjustable brightness
- Evenly distributed lighting
- Natural colour temperature

4000_k | **2700_{LX}**
Maximum
luminous flux

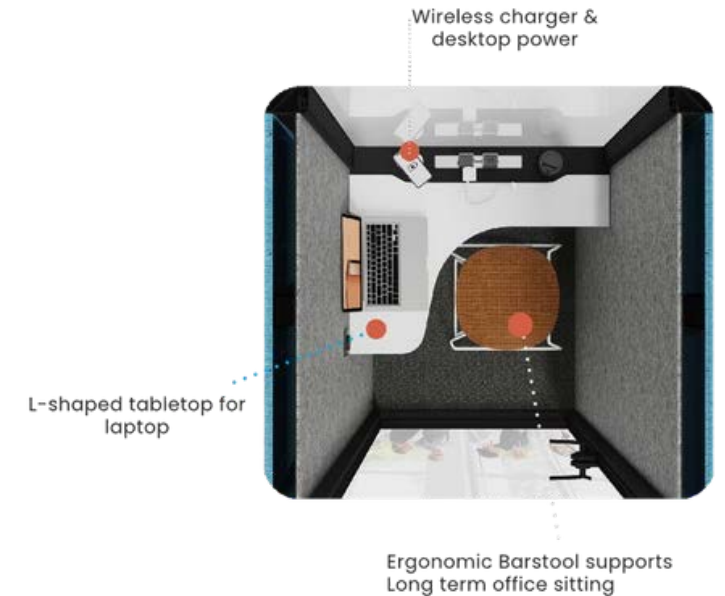

Ergonomic handle

Streamlined design silent lock

Streamlined design silent lock

Magnetic Silent Door Lock (retracted)

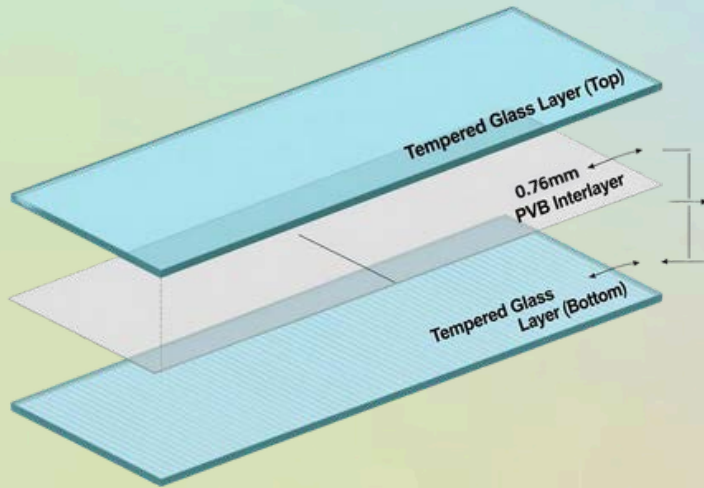

Wireless charger & desktop power

L-shaped tabletop for laptop

Ergonomic Barstool supports long term office sitting

5 Safety

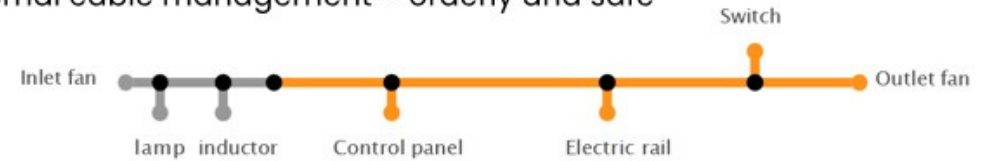

Tempered laminated glass

- Noise reduction
- Impact Resistance
- Maintains structural integrity even when shattered

Wire & Cable Safety Design

Internal cable management – orderly and safe

Much Safer: PA Nylon flame retardant

O-class flame retardant bushing

Automotive grade 3P connectors

Fire resistant materials

6 sustainability

100% Environmentally Friendly Materials

All our **core materials*** are **sourced from within 200km**, 85% of suppliers are within 300km, and all parts are domestically sourced.

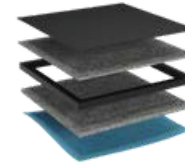

Over 96% of our product mass is comprised of recyclable materials, and we prioritize selecting partners who share our sustainability goals.

Steel & Aluminum (≈45%) Glass (≈30%) Wood (≈6%)
Acoustic Material (≈5%) Packaging (≈10%) Fabric (≈1%)
Plastic (≈1%) Rubber (≈1%)
Others (≈1%)

*Please note % vary subject to model and customization optimization.
Core materials -steel, aluminum, glass, wood, acoustic materials.

Wood –Carbon Neutrality Certification
(ISO 14064-1 and PAS2060 compliant)

Acoustic Material –Recycled polyester fiber

GABRIEL Fabric –LEED and WELL, Oeko-Tex® STANDARD 100 certified

DowDuPont Primary Adhesive –EcovadisSilver Sustainability Rating

Tiger powder coating

Water based adhesives, ECO Passport by Oeko-Tex®
