PRODUCT GUIDE 2026 · DEALER EDITION

Acoustic office pods, from budget to premium.

31 pods across four leading ranges and six categories, ready for you to present, compare and specify for your clients.

PRESENTED BY

silentcollective.co.uk

hello@silentcollective.co.uk

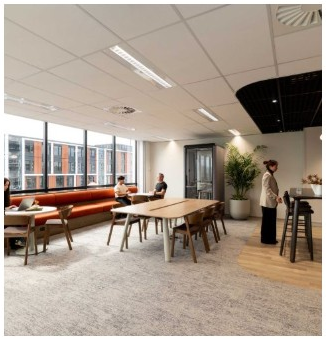
FOR OUR DEALER PARTNERS

Every office pod we offer, in one guide.

This guide gives you everything you need to recommend the right pod to your clients. Silent Collective is run by a team with more than six years' experience specifying, supplying and installing office pods, and we work with four leading ranges, so there is a pod for every brief and every budget.

Pods are grouped by price level, from budget to premium, then by range. Each range opens with an overview, followed by its pods in category order.

31	4	6	5 yr
office pods	leading ranges	pod categories	warranty



Three price levels

Budget — £–££

Maxi Office Pod and MusePod. Exceptional value and quick lead times, without compromising on acoustics. Ideal for cost-led fit-outs and larger roll-outs.

Mid-range — £££

HushOffice HushClassic. Proven, practical pods from a brand end users recognise, at a mid price point.

Premium — ££££

HushOffice HushFree and Bubliing. Design-led pods with top acoustics, the widest choice of finishes and fully accessible versions.

Acoustics explained

Every pod is quoted with its speech level reduction in decibels, measured to ISO 23351-1. Around 30 dB puts a normal speaking voice below the level of the surrounding office at one metre from the pod. Our range sits between 28 and 30.3 dB.

Need it fast?

The Maxi Phone Pod is available on quick ship: delivered and installed in under a week when in stock. Ideal when a client's programme is tight.

Price bands (£ to ££££) reflect the range rather than the individual pod. Contact us for dealer pricing on any project.

POD FINDER

Match the pod to your client's brief.

WORKING WITH SILENT COLLECTIVE

Support for you and your clients.

You lead the project and liaise with your client. We are behind you at every stage, from first recommendation to aftercare.

01
Fast, expert answers
Questions on acoustics, finishes, lead times or a whole floor of pods, answered within one working day.

02
Samples & showroom
Physical finish samples, and demos at our Clerkenwell showroom where your clients can sit in the pods and hear the difference.

03
3D configurator
Design pods for your clients online, share links and PDF specifications, and send the final design to us for pricing.

04
Site surveys
We survey the space before we quote, so the recommendation fits the floorplate, access route and power position.

05
Delivery & installation
Our own fitting team delivers and installs nationwide across the UK, with photo and video proof of install.

06
Aftercare
Every pod carries a five-year warranty, backed by engineers who can be on site quickly.

What we need to quote

Send these and we will come back with a full quote within one working day.

1. Pod model(s) and quantity
2. Delivery and installation address
3. Finishes, or a configurator link
4. Floor level and lift or access route
5. Ceiling height and power position
6. Target installation date

Specs, brochures and finishes for every pod

Specifications, finishes and lead times are correct at the time of publishing (October 2026) and may change. Colours are a guide only. Price bands reflect the range, not the individual pod.
