COLLECTIVE

BUBLIING · 2026

A space for everyone.

Premium, design-led office pods from Portugal. Nine models with Class A acoustics, from a one-person booth to a 3 × 3 m meeting room, including three fully accessible pods.

WHY BUBLIING

Do more, and do it better.

Bubliing began in Portugal in 2018 with a simple aim: a quiet, comfortable space to focus, call and meet without hunting for a free room. Every pod is modular, quick to install and built from durable, replaceable parts, so it can move with you when your office changes.

30.1 dB
Class A speech reduction, ISO 23351-1

21.3×
Air changes an hour, ISO 12569

3 DDA pods
Fully accessible, wheelchair friendly

Exterior colours and interior fabrics

500 lux
On the table, 3500 to 4000 K

8–10 weeks
Typical lead time, installed

THE RANGE

Nine pods. One family.

All models are 2245 mm high and share the same finishes, so you can mix sizes across a floor.

MODEL	TYPE	PEOPLE	FOOTPRINT	SPEECH REDUCTION	PAGE
Bubliing S	Phone booth	1 person	1208 × 1006 mm	30.1 dB	04

IN REAL SPACES

Installed in offices, atriums and showrooms.

Bubliing pods at work, from focused calls to full team meetings.

FEATURES

Comfort in every detail.

01

Guaranteed privacy

Recycled acoustic foam walls, sound-absorbing panels and 8 mm acoustic glass give Class A speech privacy, tested to ISO 23351-1.

02

Fresh air

Lab-tested ventilation with adjustable airflow. After each use, the fans run for 10 minutes to refresh the pod.

03

Good light

Linear LED lighting, adjustable from 3500 to 4000 K and up to 500 lux on the table. Switches on automatically.

04

Always connected

Power sockets and USB-C in every model, with USB-A and an RJ45 network port in the larger pods.

05

Digital control

A 7-inch screen controls light and fans and shows usage, plus air quality with the optional CO_2 sensor.

06

Presence indicators

Green or red LEDs on top of the pod show at a glance whether it is free or in use.

OPTIONS

Make it work your way.

Add the options you need to any model. Each one shows which pods it is available on.

Height-adjustable desk
730 to 1200 mm, for sitting or standing
