silent
COLLECTIVE

MUSEPOD · MD SERIES

Smart pods. Sensible budget.

Six Class A office pods, from a one-person phone booth to a six-person meeting room. Supplied, installed and looked after by Silent Collective.

THE MD SERIES

Budget friendly. Never basic.

MusePod is a plug-and-play pod that arrives in six modules, goes up quickly and can be moved or reconfigured as your office changes. Every model gives you Class A speech privacy, fresh air and good light, at a price that works for whole floors, not just one pod.

Class A
Speech privacy to ISO 23351-1

30.1 dB
Speech level reduction

Recyclable by mass

12 weeks
Typical order to install

THE RANGE

Six pods. One family.

Every MusePod shares the same frame, finishes and Class A acoustics, so you can mix sizes across a floor and keep one consistent look. All models are 2320 mm high.

MD1

Phone booth

1, standing · 1070 × 1070 mm

MD1.5

Work pod

1, seated · 1320 × 1070 mm

CUSTOM SIZES

Need more room? Built to size.

When a standard MD pod is not big enough, MusePod MX is built to your dimensions from 900 mm modules, and can be extended or reconfigured later.

900 mm	1.8 × 1.8 m	12–14 wks
Module grid	Up to 7.2 × 3.6 m	Typical lead time

WHAT CLIENTS BUILD

Extra-large meeting	6 m × 3 m	Sensory and quiet room	3.6 m × 2.7 m
Showroom and display	5.4 m × 3.6 m	Multi-desk work pod	4.5 m × 2.7 m
Relaxation and wellbeing	3.6 m × 3.6 m	Private office or workshop	Built to your plan

Dual-circulation ventilation, 4–30 m^3 a minute · lighting from 3000 to 7000 K · optional opening roof · sprinkler cut-outs · screens, desks and lounge modules. Send us your dimensions for a quote.

IN THE WORKPLACE

Quiet rooms that fit right in.

Nine exterior colours and soft, textured interiors let MusePod blend into a calm open-plan floor or stand out in a breakout space.

DESIGNED IN DETAIL

Built to move with you.

01

Modular design

Six main modules, quick to assemble on site and easy to reconfigure or move to a new floor. A pod you can reuse, not replace.

- 6 main modules
- Quick assembly
- Easy to reconfigure
- Reusable

02

Noise reduction

Four layers of protection: airtight seals, sound reduction, sound absorption and soundproofing, plus muffled fans that keep their own noise down to 12 dB.

30.1 dB

Class A speech level reduction, ISO 23351-1

COMFORT

Fresh air, good light.

03

Optimal air circulation

- Fan-powered top intake and bottom exhaust
- A full air exchange every 50 to 55 seconds
- Adjustable airflow direction
- Acoustic muffling for whisper-quiet running
- 3 inlets and 3 outlets in the MD1, 9 inlets and 6 outlets in the MD3

04

Ergonomic design

- Flexible LED light with a three-second fade-in
- Adjustable brightness, evenly spread
- Natural 4000 K colour temperature
- Ergonomic handle and magnetic silent door lock
- Desk power within easy reach

05 · SAFETY

Safe by design.

- Tempered laminated glass: cuts noise, resists impact and holds together if broken
- Flame-retardant PA nylon cable sleeving and orderly cable routing
- Automotive-grade connectors for a secure electrical connection
- Fire-resistant materials
- Sprinkler and fire alarm beacon cut-outs available on request

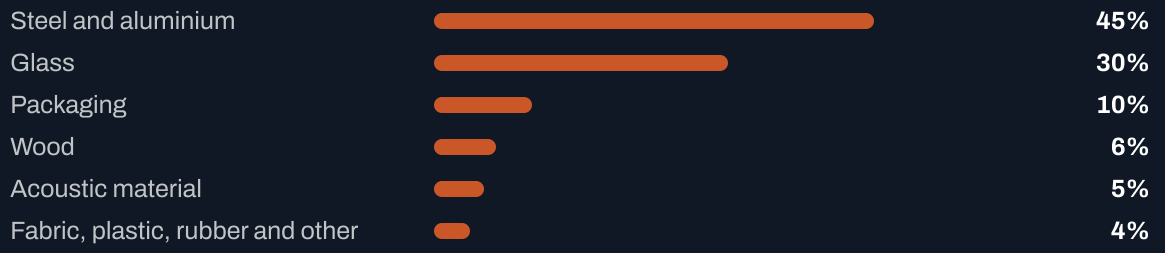
06 · SUSTAINABILITY

Low impact, made close to home.

96%
of product mass is recyclable

200 km
radius for core materials

85%
of suppliers within 300 km



Carbon-neutral certified wood (ISO 14064-1, PAS 2060) · recycled polyester acoustic material · Gabriel fabrics certified LEED, WELL and OEKO-TEX Standard 100 · water-based adhesives with OEKO-TEX ECO PASSPORT · Tiger powder coating

Material percentages are approximate and vary by model and specification.

MEET, CALL, FOCUS

One range for every kind of conversation.

From a quick call in the MD1 to a full team meeting in the MD5.
